

ALICEMATARISE

Cape Town, Western Cape, South Africa

 minervamatarise@gmail.com |  +27 810599388

PROFESSIONAL PROFILE

IT Software Engineering student currently completing a Bachelor of Science in Information Technology with strong foundations in software engineering, database systems, network security, and user experience design. Actively developing cloud computing knowledge through Microsoft Azure (AZ-900) and building a student-focused internship and job finder application as a capstone project.

Experienced in customer-facing and operational roles within fast-paced environments, demonstrating strong communication, problem-solving, teamwork, and attention to detail. Seeking entry-level opportunities in cloud computing, technical operations, systems analysis, or graduate technology programmes.
